Why Choose Memory reVITALIZER® ?

Are you at wits end when it comes to which health supplement to take? Are the Big Box store 'super vitamins' cheap, but you cannot feel any difference? Do the cute television ads, not help make a rational decision on health supplements?

It's time for Memory reVITALIZER®. It contains effective amounts of quality components.

Over the last decade and a half, Memory reVITALIZER® has been conceived, produced, and sculpted into its current form. The formulation was designed by William K. Summers, MD, the inventor of the first FDA approved anti-dementia medication. Memory reVITALIZER was intended to address the oxidative injury theory of Alzheimer's disease [Journal of Alzheimer's Disease. 2004; 6:651-657].

Because of the blood brain barrier, each component was carefully researched. Connections between the components were synergistic, often at multiple levels. Over the last eight years, some components had to be strengthened, and some weakened. Some components were eliminated under the influence of the most recent science. Many components are **vitamins**. Several are **minerals**, but in carefully considered of the combination is unique, proportion. Some components are **herbals** which bring a complex chemistry to the blend. Some are semi-essential **phospholipids**. There are **35 listed components**. The result of the combination is unique.

...an invention in a crowded field of health supplements. Thus, the product is protected by a US Patent No.6,733,797.

40 year old housewife's MEMORY IS BETTER

Years ago, I had a severe head injury. I was always forgetful and fatigued. I started Memory reVITALIZER® 4 years ago, and wow! I now work in accounting in a national company. Thanks reVITALIZER!

- CK, Bell Flower, CA

45 year old EXECUTIVE FEELS BETTER

I am a recovering alcoholic who works in Finance for an international company. Memory reVITALIZER® helps keep me sharp at all times, even after travel to Europe.

- SH, East Mountains, NM

73 year old man discovers, "YOU GOTTA TAKE ALL 6 GELS"

I had taken one Memory reVITALIZER® gel a day for several months, and thought it did not work. I was going to write and complain, but my wife read the bottle and told me "you gotta take all 6 gels." I did. Terrific. What a difference. Now I take six gels daily, and feel great as we drive our RV all over the country.

- DL, Emerv. ND

76 year old heart patient finds SAFETY WITH OTHER MEDICATIONS

I started Memory reVITALIZER® in a nursing home with severe heart failure. I was on many medications. I was reassured Memory reVITALIZER® did not interact badly with any of my numerous medications. My memory is much better. My energy is better, and my heart health is better.

- GG, Brownsville, TX

80 year old woman COMPARES "VALUE" TO "INEXPENSIVE"

My son, a doctor, recommended a less expensive supplement. When I compared the ingredients of Memory reVITALIZER® to it, reVITALIZER was complete and superior. I have taken it for several years. My energy level is high. My memory is terrific.

- SB, Ft. Lauderdale, FL

88 year old wife SPRUNG FROM NURSING FACILITY

My wife, after six months on Memory reVITALIZER®, improved enough to graduate from a nursing facility. She has been at home with me, enjoying walks, and a normal life for over a year. Sure Dr. Summers did a lot of things to make this improvement; but I credit reVITALIZER. I now take it and feel the energy and better memory.
